- 
- The background features a collage of technical and mathematical sketches. At the top left, there are two overlapping rectangles with a dashed line and a dot, labeled with circled letters A, B, and C. To their right is a graph with a sine wave and a shaded area under the curve. Below the rectangles is a trapezoid with a dashed line and a dot, labeled with circled letters A and B. To the right of the trapezoid is a diagram of a funnel-like shape with a dashed vertical axis and arrows pointing outwards, labeled with $G \times M^2$ and $P_2 = 2^3$. Below the funnel is a diagram of a cone with a dashed vertical axis and a dashed horizontal axis, labeled with R , H , and O . At the bottom left is a diagram of a hexagonal prism with a dashed vertical axis and a dashed horizontal axis, labeled with A . At the bottom right is a diagram of a cylinder with a dashed vertical axis and a dashed horizontal axis, labeled with B . Various mathematical formulas and symbols are scattered throughout, including \cos , \tan , $y = 6 - 3 \times P_1 = 3^2$, $11m^2 = mc$, and ρ .
